### [charles darwin wikipedia](#)

Charles Robert Darwin was born in Shrewsbury, Shropshire, on 12 February 1809, at his family's home, The Mount. He was the fifth of six children of wealthy society doctor and financier Robert Darwin and Susannah Darwin (née Wedgwood). He was the grandson of two prominent abolitionists: Erasmus Darwin on his father's side, and Josiah Wedgwood on his mother's side.

### [inception of darwin s theory wikipedia](#)

The inception of Darwin's theory occurred during an intensively busy period which began when Charles Darwin returned from the survey voyage of the Beagle, with his reputation as a fossil collector and geologist already established. He was given an allowance from his father to become a gentleman naturalist rather than a clergyman, and his first tasks were to find suitable experts to describe ...

### [amazon the autobiography of charles darwin 1809 1882](#)

The only complete edition. Charles Darwin's Autobiography was first published in 1887, five years after his death. It was a bowdlerized edition: Darwin's family, attempting to protect his posthumous reputation, had deleted all the passages they considered too personal or controversial.

### [amazon the autobiography of charles darwin](#)

Darwin's family had Charles' biography censored, and Nora Barlow's edition is the only complete version available. If it doesn't say "edited by Nora Barlow," be aware that it is not the unexpurgated edition, the one intended by Charles.
