[labrador retriever wikipedia](#)

The modern Labrador's ancestors originated on the island of Newfoundland, now part of the province of Newfoundland and Labrador, Canada. The founding breed of the Labrador was the St. John's water dog, a breed that emerged through ad-hoc breedings by early settlers of the island in the 16th century. The forebears of the St. John's Dog are not known, but were likely a random-bred mix of English ...

[electricity sector in canada wikipedia](#)

The electricity sector in Canada has played a significant role in the economic and political life of the country since the late 19th century. The sector is organized along provincial and territorial lines. In a majority of provinces, large government-owned integrated public utilities play a leading role in the generation, transmission and distribution of electricity.

[piping registration pressure vessel engineering](#)

Piping Registration Background. Registration of piping is done to an address of installation. For a manufacturer of identical piping systems, each different address of installation must be registered.
